

High Quality Tool Bag

HARD

HARD9001 - Tool Bag (10 Slots)

When HARD decides to make a tool bag for their wrenches you can count on it being something special ! The HARD Tool Bag is without a doubt the most complete, most high quality and most stylish tool bag available anywhere.

Despite the small size of the HARD Tool Bag, the inside has been designed to hold up to a total of 10 wrenches. Special attention has been pointed at making the bag as compact as possible to save space while taking extra care that the tools are safely stored. Inside the bag the tools are presented beautifully and held securely in place wrapped in holders made out of Styrofoam material. The same high quality protective material has been used for the middle part that separates the two sides of the tool bag and the tools from each other to make sure there is no risk of damaging the tools.

HARD9001 HARD Tool Bag (10 Slots)

Features:

- Lightweight and compact
- Special mesh Styrofoam design
- Transparent slot for name tag
- Hold up a total of 10 wrenches with great protection
