SERVO TESTER

HRC68521 HRC Racing Servo Tester

Test your servo or ESC/motor without using a transmitter and receiver. The servo tester can be used to test servos and ESC's.

Manual mode: turn the knob with different speed, check the reaction time.

Neutral mode: make the servo go back to the neutral point.

Automatic "window wiper" mode: Servo swings like window wipers to full angles.

Connect up to 3 servos simultaneously.
