

## 77/10-6-00

## **ZAP-GOO**

Strong flexible adhesive/sealer. Bonds anything. Bonds can be cut with a razor knife.

ZAP GOO is an excellent adhesive for today's high tech composite airplane, boat, and car hobby products, and great for all of those fix-it, mend-it, seal-it, and stick-it jobs around the house. 1 fl oz tube.

Works best where others won't.

**ZPT-12** Glue - **ZAP-GOO 29.5ml** (1 fl oz.)
